Subject CN Railway

I want to voice my opposition to to CN Railways acquisition of the EJ&E Railway. If the purchase is approved, it will make the traffic in our area a disaster. I live in New Lenox, IL. with the proposed purchase, our rail traffic will increase from 6 freight trains per day to close to 50 a day, on the two rail lines that go through this area. Traffic can be bad enough as it is, but with this, it will be a disaster. By the time 1 train goes through and the traffic clears up, the next comes along. And this doesn't count the Metra commuter trains. And this does not include the noise that the freight trains create. We don't need this and don't want it!
