Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

Grant Park is a small town. If this railroad
proposal goes thru it could very well be the
demise of the town. People would move away and
with children leaving the schools, school funding
would diminish. Probably closing the schools.
The railroad would be less than a mile from
the high school.

There are two railroads that have been
abandoned in the area in the last years. Little of
this land has been reclaimed for use.
