**Re: Hojack Railroad Swing Bridge
Mile 0.9 Over Genesee River
Rochester, Monroe County, New York**

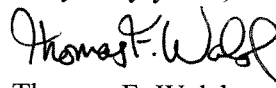

Dear Mr. Tantillo:

CSX Transportation, Inc. ("CSXT") thanks you and the Charlotte Branch of Rochester Public Library for agreeing to serve as the Document Repository for the Section 106 historic review process of the Surface Transportation Board for the abandonment of the above-referenced Hojack Railroad Swing Bridge.

A legal notice announcing the Section 106 review and establishing a public comment period ending on October 11, 2012 was published in today's Democrat & Chronicle newspaper. A copy of that legal notice can be found in the inside pocket of the binder. The legal notice informs the public that the Charlotte Branch of Rochester Public Library has agreed to serve as the Document Repository, and therefore, you may get inquiries from members of the public to review documents.

Enclosed you will find a binder with a set of the attached documents along with a letter from CSXT reviewing the historic review process to date. Please do not hesitate to make the binder available to the public. Again, we would like to thank the library for its assistance in this matter.

Very truly yours,

Thomas F. Walsh
