I live in close proximity to the EJ&E Railroad tracks that will see a drastic increase in train traffic if purchased by Canadian National Railroad. The increased rail traffic will result in a profoundly negative impact on vehicular commuter traffic on Rt 34, Rt 59 and Eola Road. If the sale goes through, it should be on conditions that overpasses be constructed on the many road crossings. Otherwise, there will be horrific repercussions in traffic snarls and train/vehicle accidents. These overpasses should not be funded by tax increases, but between the CN railroad and State and Federal funding.
