Transcript:

I'm calling to let you know that it will be a big impact with uh the railroad with having um more cars coming through, instead of having the 10 cars, you guys are planning on doing the 34 cars to come through. So, I think it would be a big impact on trying to transport my child to uh from southbound to northbound to go from Chicago southbound Chicago Road to northbound Chicago Road to bring my child to school at St. Agnus Church and also to um go to work in the morning. Um hopefully you will consider my comment and um maybe you can decide to limit the trains that will be coming through down the area. I appreciate it and thank you very much. Bye bye
