This is an important
element in Jersey City's
history. JC was built
up because of its rail
connection.

Please preserve the entire historic Harsimus Branch for much-needed public uses that will preserve its significance, including, rail trail & open space. Demolition will have a devastating impact on the neighborhood where I live.

You cannot ~~tear~~ ^{tear} down
a historic landmark
that is a major
transportation corridor.
You can never get
something like this
back!

To Whom It May Concern:

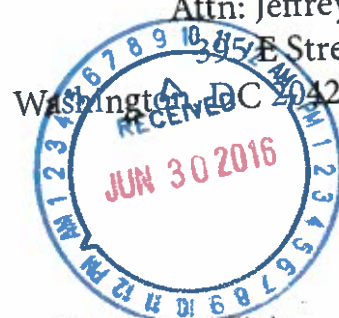

25 JUN 2016 PM 3 L

The embankment represents
an incredible opportunity for Jersey City
to continue to embrace its history,
preserve its unique culture. It's a
critical element of representing JC's
history of a rail city - and would
position JC to offer additional green
space to continue to attract residents.

Demolition of the 6th St.
embankment would have a
huge impact on me as
a Hamilton Pk (historic) area
citizen. My dog + I enjoy
walking along the embankment
daily.

The Embankment is
landmark and thousands of
people have fought for
almost 20 years to save it.
That should show how important
it is to save.
