RE: Docket No. AB-55 (Sub-No. 772X), *CSX Transportation, Inc.—Abandonment
Exemption—in Greenbrier and Nicholas Counties, WV*
FR# 17-845-Multi

Dear Mr. Blevins;

In a decision served on October 13, 2017, CSX Transportation, Inc. ("CSXT") was granted authority to abandon an approximately 14.4-mile rail line, known as the G&E Subdivision, in the Southern Region, Florence Division, between milepost CAJ 0.0 at the switch to the Sewell Valley Subdivision mainline track in Rainelle, and the end of the line at milepost CAJ 14.43 about two miles northeast of Green Valley, in Greenbrier and Nicholas Counties, W. Va. (the Line), subject to the condition that CSXT shall retain its interest in and take no steps to alter the historic integrity of all historic properties including sites, buildings, structures, and objects within the project right-of-way (the Area of Potential Effect) that are eligible for listing or listed in the National Register of Historic Places until the Section 106 process of the National Historic Preservation Act, 54 U.S.C. § 306108, has been completed.

To that end, CSXT is submitting to you a topographical map keyed to the bridges on the Line, a spreadsheet with information on each bridge, and pictures of each bridge over 50 years of age. Also enclosed is a spreadsheet listing all of the culverts located on the Line, as well as, pictures of stone culverts, corrugated metal culverts, and cast iron culverts.

If you have any questions please call or email me.

Sincerely yours

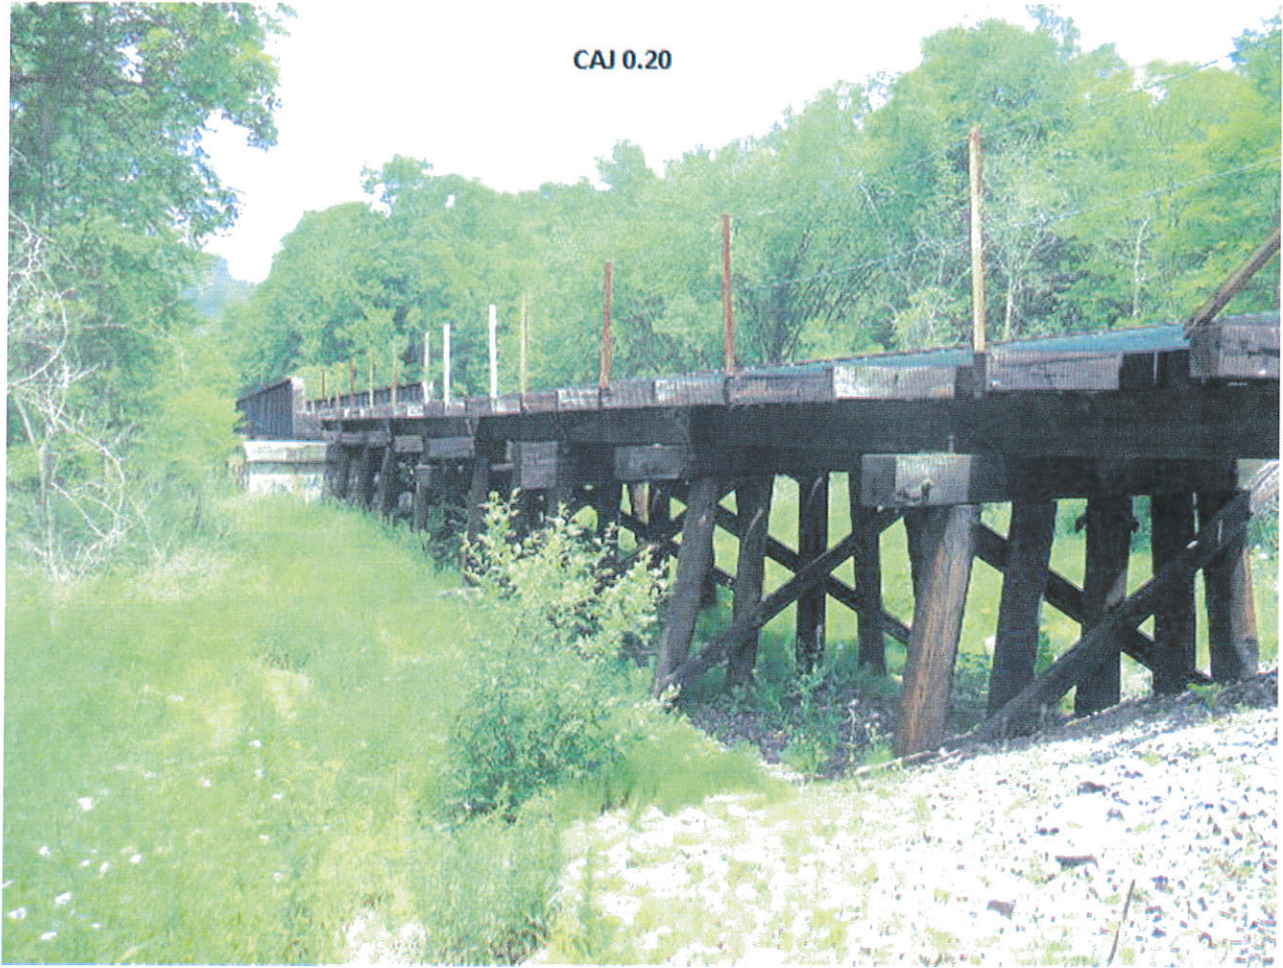

Melanie B. Yasbin
Attorney for CSX Transportation, Inc.
