Att: Enviromental Filling STB Docket 35116

I wish at this time to express my support for the Beech Creek rail line re-opening proposed by RJ Corman.

This line is need for their business and for the commerce of our state as well as the nation.

As a 60 year resident of the area impacted by this project and an owner of property abutting the Corman lines I see no detrimental or adverse impact posed by the reopening of this former rail line.

I hope that this comment will be taken with high regards to the betterment of the States economy by RJ Cormans willingness to conduct business in our state.

Sincerely

John S Deacon
