Transcript:

I am an opponent of the CN proposed EJ&E HR 6707. I do not want to see the trains coming through this area in Barrington, Deer Park and Lake Zirk, IL. I am against it. I truly believe it is going to be a hazard for our school children, a delay in traffic, a delay for emergency vehicles, and I think a possible hazard of hazardous spills. I am truly against having additional trains come through our neighborhood. Thank you very much.
