 Message:

It has been brought to my attention that there is a proposal to increase the amount of daily trains near my house(Ogden Ave/Frontenac and Montgomery Road) from 14 to 50 a day. I strongly oppose this proposal.

This increase would cause numerous problems in our area. The noise level would dramatically increase, therefore lowering the appeal and sale value of our homes. In addition it would cause further traffic issues, in an area that is already constantly backed up due to the large number of travelers on these roads and the number and duration of the trains that currently go through. There are enormous backups, especially around rush hours.

And finally, I feel it will impact the safety of the many children and teenagers that live in the area. During the nice weather, many of the teenagers walk or ride bikes to school in the area. For some they will need to cross over the tracks. With an increase in the trains you are putting them in jeopardy.

Please listen to the residents in this area and stop this proposal.

Thank you,
 Elizabeth Said
