Transcript:

I'm calling regarding the railway expansion, docket number FD-35087. I oppose this transaction going through. This increased train traffic will be a safety issue in our area, it would also slow down the transportation of students back and forth to school. We live here in Indian Prairie School District 204, we're the third largest school district in the state and two of these railway lines go directly across thoroughfares that go to each of our schools. I opposed to this increased traffic of trains in our area and would just like to note it. Thank you. My number is 630-548-3025. Thank you
