ATTN: Dave Navecky -Docket No. FD35952
Surface Transportation Board
Office of Environmental Analysis
395 E. Street SW
Washington, DC 20423-0001

Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

Mr. Patton has described our farmlands as "under-
developed and sparsely populated." You have heard
the endless protests of so many people in Illinois
who would be adversely affected. I am, myself,
directly affected. I believe that the C.R.E.A.T.E.
program should be given first priority to a
completion (less than 50% complete) before
a railroad like GLBT railroad company
is given permission to duplicate the same
objective with far more intrusive detriments
to the agricultural community in IL, WI, IN.
Again, pleading the case for using and improving
what railroads we already have.

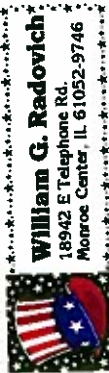

Respectfully Submitted
