 Message:

I strongly AGAINST the sale of the Elgin, Joliet and Eastern Railroad. The sales and future operations of the railroad will cause major disadvantages to the communities as well as to the homeowners that live near by the railroad especially to homeowners who have houses along to the train lines. The noise from the heavy train traffic will destroy our quite night sleep. It will destroy the quite neighborhood. We will no longer hear any bird singing, dogs barking and kids laughing but the noisy train traffics and train horns. Our environment is getting more polluted air from the burning fuels. And the chances of the railroad accident around the neighborhoold will have a major increase that means more lives will be lost. Our houses will have heavier vibrations and move more from the train traffic. In addition, our house was not build to suit or to prevent the heavy vibrations. As such, our walls will have more cracks from the vibration that cause by the train traffic. It will cause our property value to decrease. Please do not sales or expand the railroad line.
