Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: Aug 27, 2008

The inconvenience of this to so many people is overwhelming. And for whose greater good? The railroad's, of course. They are responsible to make this right for those of us who are so impacted.

Put railroad overpasses into their proposals.
(They should have the revenue after all is said & done.)
They must respond to the will of the people.
