To whom it may concern;

This email is in regards to the proposed Great Lakes Basin Transportation railroad.

We are against this proposed railroad!

Our Family home and property is located in the township of Manteno in Kanakakee county Illinois.

We are located 1mile from the area of the proposed 23 square mile rail yard.

We purchased our home and land 13 years ago and our property is farmed by a local farmer.

Our Farmer is actually one of the farms that would "taken" for this proposed rail yard.

This is only the tip of the iceberg as to how this railroad would effect ALL the families and the surrounding communities if it were to be approved.

Please DO NOT allow this project to be pursued any further!

Thank you for you time,

Sincerely,

Claude and Sandra Dasch

7504 N 5000 E Road

Manteno IL. 60950
