STB Finance Docket# 35087

Surface, Board Trons.

395 E Street S.W.

Washington, DC 20423-0001

To Whom It May Concern:

The purpose of this letter is to express our strong resistance to the proposed CN purchase of EG + E R.R.

Our resistance to purchase is based on anticipated increased number & length of trains. This will cause safety issues, inconvenience & will certainly decrease property values. This is certain.

Please think of our communities.

Thank You
