Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 9/22/18

Comments must be submitted by September 30, 2008.

I am very concerned about the pollution, noise and excessive train traffic in the area. There are currently many trains coming through the River Rd and Westmeyer crossings that impede the flow of traffic. This area is growing by leaps and bounds and traffic congestion is inevitable at certain points in the day. Additional trains will undoubtedly add to the congestion delaying some further bus and commuter traffic.

I am opposed to the impact this purchase would have on our community.
