### Transcript:

I oppose the buying of the National Railroad, Finance Docket No. 35087. I oppose it because of a lot of the reasons. The emergency vehicles, by the railroad tracks, the whistles, the noises, the pollutions, just the traffic and all the cars going back and forth and won't being able to get by, safety for our children. My property taxes will probably go down and won't be able to sell my house, nobody will to by my house. The vibrations alone, that's all I hear is the trains, the whisling, the yelling, I am very opposed of this! I want to thank you for listening to me. Thank you and have a great day. Bye.
