

8/27/2008

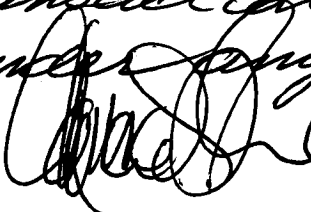

TO: VILLAGE OF BRIMINGTON

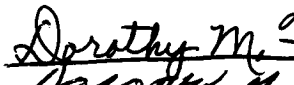

SUBJECT: CANADIAN NATL' ACQUISITION OF EJE RAILROAD
LOVE.

I am disappointed that the village board has even considered the above mentioned transaction which violates the very roots of our community's environmental sovereignty.

It will be an unsafe and delay traffic forcing our village additional expense to provide bypass facilities. More taxes to subsidize Canadian National is not in our best interest. Sound barriers alone are not enough.

Six-fold increase in train traffic cannot be in the community's best interest, no matter what the rationale. We see no reason to pursue this transaction and oppose proceeding under any circumstances.
