Please consider the necessary mitigation required to minimize the safety & environmental impacts on local communities such as Barrington. It is almost a 300% increase adding more than 3 hours of delays & cutting the Village of Barrington in half. This also applies to Lake Zurich area. Hospitals, police & fire departments are impacted as well as our schools. Our residential areas will be significantly impacted, not only for traffic problems, but noise & air pollution. Mitigation to minimize & eliminate these concerns is necessary before approval is given.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.
