

Jan 4, 2013

Dear Mr. Blodgett.

Docket # FD 30186
N

I am not in favor of Tongue
River Railroad Company building a
coal-hauling line through the Tongue
River Valley.

There are many good reasons to not
allow this to happen. One is This
proposed railroad is not for the "public
convenience and necessity". It will
only financially Tongue River Railroad.

Respectfully,
Doug Benoit
