August 24, 2008

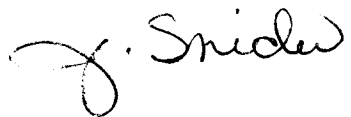

Greetings:

I am writing to ask your consideration about stopping EJ&E from using the train tracks in Frankfort. I live in a section of Frankfort that would be cut off from the rest of the town to the North, East, and West.

I am especially concerned about the effect this would have on the access of emergency vehicles to my area.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "J. Snider".
