1 MR. MEYER: Meyer, M E Y E R. I'm from Park
2 Forest, Illinois -- John.

3 And I have lived in Park Forest for 45 years
4 and observed the trains on the J. And I read an article
5 in the paper where the officials of the Canadian
6 National Railway were talking about how long it would
7 take the train to pass. And they were calculating this.
8 They said it would maintain a speed of 40 miles an hour.
9 And in 45 years of living in Park Forest, I have never
10 seen a train on the J go over the Western intersection
11 at more than 10 miles an hour. So I don't know why they
12 would do this. This is a dishonest representation of
13 this project, and I wish they would be more realistic.
14 we're not going to believe anything they say.
