

Dear Honorable Eliott,

I want you to please vote against the Great Lakes Basin Transportation proposal. I am so against taking property from our citizens. Please vote against this project. The farmers property is very important to keep as is.

We live right across the road of a railroad & have no problems at all but I don't want to see more property taken. Please Consider Not doing this.

2016 JUL 19 411

Sincerely
Beverly Seibring
