Comments:

We need an Environmental Impact Statement because:

Pollution, and construction in that part of Jersey City will not be worth the outcome. Getting rid of an amazing piece of American history is not worth more high rise housing.

When I first arrived in Jersey City, I compared the structures with the Roman Aqueducts... no one will be drawn to the city if it looks like all others.

• REQUIRED FIELDS

I authorize the Embankment Preservation Coalition to file this comment with the Surface Transportation Board.
