

4-27-06

Dear Ms Ball

I am writing to
plead with you
not to allow the
Olin Chemical site
in South Milington
affecting nearby No. Woburn.

to be used for a proposed
"Trash Train". I live in
North Woburn close to Rt 38.
The trucks going through
would be a disaster. The
traffic now is bad. Getting
out of our street at times
is terrible. The noise & odor
emitting from this use would
be bad. Families all live near
this area, there must be some -
where else for them to use.

Woburn has suffered enough
from environment injustice. My
nephew was a leukemia victim
from it. Please, please help
us - help us. Thank You for
any help you
can give.

Mr. & Mrs. Joseph
Mc Elhinney

20 Naples Ave
Woburn, MA 01801
