Message:

I want to express that I stand in oppositon of the CN acquisition of the EJ&J railroad company. My husband owns a business that would be directly affected by the increased train traffic (it is on Main street in Plainfield). My daughter attends a preschool very close to the tracks on Rt. 126 as well. I am very concerned about the traffic problems that would be created by the increase in train traffic. I am also very concerned about the type of materials being transported through our town. I stand in opposition to the acquisition.

Sincerely,
Christina M. Ulreich
