Dear Sir;

Eminent Domain is out of Control. Why should the rights of thousands of landowners be sacrificed for these highly speculative private, merchant power and rail lines so billionaire investors can reap billions more.

I am a farmer and I sure don't want them to take more of my land for a rail we don't need. We have rail lines abandoned here, we sure don't need another one. Besides the rail line wouldn't be far from our houses. We don't need that noise every few minutes.

I don't want to give up part of my land for a rail line. I expect to leave it to my children.

I think these guys want the publicity for doing this rail line. The other lines are not in favor of this either.

I hope you do your part on this.
