Address 2
City Joliet State IL Zip 60431

Transcript:

I am calling to say I am very much against the takeover purchase whatever of the Canadian National Railroad for the EJ&E line. I live in Joliet and to have the trains increase almost three fold would be absolutely detrimental to my life because of the problems of getting to the hospitals, the problems of emergency, police and ambulance vehicles getting around town that they would need to do and I just think it is just a very, very bad idea and I am totally against it. Thank you.
