Re: Olin Property, Wilmington, Massachusetts

Dear Ms. Johnson Ball:

I strongly oppose the use of the contaminated Olin chemical site at a transfer station. The project will severely impact already heavily populated areas in Wilmington + Woburn and the use of 400 trucks through residential areas where young children play is irresponsible. Imagine the impact of a spill at the truck passes one or two schools on its way to the site. Have you taken this into consideration. Please reevaluate your position on using a Superfund site as a trash depot where the impact of doing so effects families, schools and the safety of our town.

PLEASE HELP OUR TOWN!!

Sincerely,

Michelle deVubigier
