Transcript:

I suggest that you look at the record on what Canadian National has done through South Holland. They continually block two major state highways, their performance of blocking the highways is so bad that the bus system deliberately changed their route to go around the gates at 159th Street, so please give this the consideration on how they punish the motorist by continually blocking the railroads. I can be reached at 708-906-3717. Thank you and have a nice day.
