Subject: UBRY - agenda for team discussion

Josh:

We hope you have fully recovered from the snowy experience in Utah. Thanks, again, for coming out.

We are looking forward to the discussion tomorrow (Thursday) afternoon. Director McKee and the technical team have a few agenda topics and wondered if you wanted to add to the list before we distribute to the larger group.

1. Kickoff meeting and field trip debrief and takeaways
2. OEA Comments on Draft Schedule
3. Resource Survey Methodology Outline Coordination
4. OEA Process/MOU

Thank you!
