Email Address: * rlnola@yahoo.com

Group/Affiliation:

Message: My husband and I oppose the purchase of the EJ & J railroad by CN railroad. We do not want the increase in traffic along that rail. Especially with the seeming position of CN of wanting to buy the railroad but do not want spending money on improved safety measures along the tracks as it goes through our community. Several schools in the area are not far from the tracks and the increase in traffic on the rails will ne an added threat to the safety of the children in the area.

If you are incline to vote in favor of the sale then at least make CN responsible improvement required for safety and not the taxpayers.
