Subject: AB 551 (Sub-No.2X)

Dear Richard R. Wilson, P.C.,

Hello,

I am inquiring regarding the above proceeding filed with the Surface Transportation Board. I work in the Board's Office of Environmental Analysis and am preparing the environmental assessment.

Do you have another more detailed map of the proposed action? I am particularly interested in the area of the rail line where it enters the city of Mt. Jewett, PA. The other end of the line is more apparent since it ends right at the bridge. However, it is hard to tell where the line begins in Mt. Jewett. I know you included mile postings, but I don't have a map reference to show where these are. A close-up at least of the Mt. Jewett portion of the line would help.

Also, at what point do you intend to file a Notice of Interim Trails Use (NITU)? The timing of the NITU and any agreement you are able to negotiate may influence any opinion provided by the PA State Historic Preservation

Officer.

Thanks.

Sincerely,

Catherine Nadals
