

Sept. 24, 2008

Phillis Johnson - Balj,
Surface Transportation Board
395 E. St. SW
Washington DC

Mrs. Johnson - Balj,

My husband and I want to add our
outrage to the many here in New Lenox, IL
concerning Canadian National Railway's
proposed purchase of the Elgin, Joliet and
Eastern Railway - STB Finance Docket No. 35087.

An increase from 6 Trains per day to
28+ is truly unacceptable. Traffic backups
at RR crossings will become a nightmare
plus prevention of ambulances and fire
trucks to cross will become life threatening.
School children who cross and school buses
will be at risk. The 24 hr. noise will
be deafening.

We moved to this lovely community
9 years ago for peace & quiet and a higher
standard of living. Now all is threatened
and we are vehemently opposed to CN's purchase.

Sincerely,

Nancy & Rick Jacob
