Hello. This is Raffael Berardi. I live at 248 Butler Drive in Bartlet IL 60103. I just wanted to say that I oppose this acquisition of the Canadian National Railway to buy the Elgon Railroad. This is going to deeply impact the community in the worst way possible. I just don't understand how you people could let this happen, if it will happen, hopefully not. You have two schools close by and you have a firehouse really close to the tracks serving the west side of Bartlet. This will deeply impact our community if something happens to any houses. I was wondering if you guys are responsible for anything to happen because I think there will be major civil lawsuits coming up shortly if this goes through. I know the people in the community are getting together to file civil lawsuits if this goes through. I just don't see in anyone's mind that this should happen. Let Canadian National have the run of the mill in Chicago but not go through Bartlet Illinois. Please say no for our sake and everyone else's. Hopefully that you guys have a heart to stop this acquisition. I just want to say one more time that I oppose this acquisition. Put me down as a no and hopefully you guys can help us out and maybe this government can shape up a little bit. Thank you.
