David,

As per our phone conversation, two weeks ago, you indicated there was a letter written to the Alaska Railroad to K. Dorcy Whitney LLC (sp?) with the above referenced Docket number. I keep checking daily for that letter to no avail. You indicated that it would take a couple weeks (it's been since June 10, 2010) It has been more then a couple weeks.

Is it possible for you to scan a copy of that letter in to me? If not, when do you anticipate getting this onto the website for the public?

Regards
