Hi Ryan,

We are actually going to accept comments through August 5th because August 4th is a Sunday. This update has also been added to the project website.

Thanks,
 Danielle

Thank you for your email, Ryan. We apologize for the inconvenience and are happy to accept any comments filed through August 4th. We will put a notice on the project website indicating that we will accept comments through August 4th as well.

Best,
Danielle

Thanks so much responding to my inquiry and for getting that fixed Ms. Gosselin.

However, I would still like to formally request that the STB extend the comment period deadline by one day (to August 4, 2019) due to the lack of public availability of the critical information housed at that site for an approximately 24-hour period. This would ensure that our organization's constituents and the larger public have a full 45 days to respond effectively on a matter of such significant interest and importance.

Please acknowledge receipt of this request and thanks again,
Ryan

Hi Ryan,

I got your voicemail yesterday requesting maps for the alternative rail routes listed in the Notice of Intent (NOI) that was issued yesterday. Below please find a link to the project website, which includes a detailed map of the proposed project. Josh will be back in the office on July 12th if you have any further questions.
