Please respond to Adam Gierke &lt;agierke8822@yahoo.com&gt;

Please deny the Great Lakes Basin Railroad application.

I am a Porter County resident and, although not a directly affected property owner, trains would be passing within a 1/4 mile of my home.

There is no benefit for Lake or Porter County to add a set of train tracks through our farmland.

We do not want this project to take place.

Sincerely,

Adam Gierke
