Subject: ~~Docket~~ No. FD35952

Dear Mr Navecky,

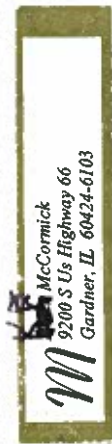

I ask you VOTE AGAINST Docket No. FD35952

When the proposed GLB Rail line crosses Grundy County they plan to take out of production many acres of our prime farm land. This is a time when so many of our poverty stricken countries so need our Grundy County produced corn and beans. It is my opinion this is more needed than this new rail line.

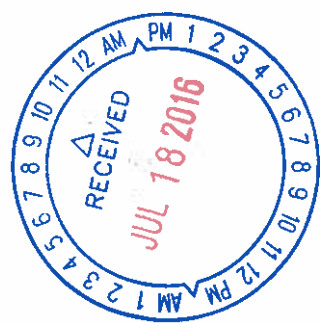

I am firmly AGAINST Docket No. FD35952.

Sincerely,

Kenneth McCormick

Subject: Docket No. FD 35952

Dear Mr Navecky,

I ask you VOTE AGAINST Docket No. FD35952.

I am very concerned about the field drainage system when the proposed GLB Rail line is constructed as it crosses Grundy County. The GLB has told the farmers that their tile system for field drainage will be restored as good as it is now. It is my experience these are not true facts told us farmers by the GLB Rail line officials.

I am firmly AGAINST Docket No. FD35952.

Sincerely

Kenneth McCormick

Dear Mr Navecky,

I am firmly **AGAINST** Docket No. FD35952.

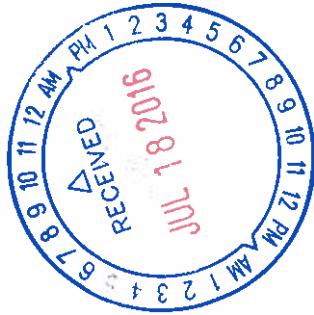

The proposed GLB Rail line and a major rail line coming from Chicago intersect here in Grundy County almost 2 blocks from my home. It is very much my family and my concern that the possibility of an accident happening at this intersection. Such an accident could spill toxic chemicals right in my back yard.

For this reason and many more I am firmly **AGAINST** Docket No. FD35952.

Sincerely,

Kenneth McCormick

Dear Mr. Danckly,

I am firmly AGAINST Docket No. FD35952.

My home here in Gundy County is about one block from the spur line that the proposed GLB Rail line plans to construct. At the same time they plan to change the drainage flow that drains the surface water around my home. The change of this ditch will result in my having a flooded home.

For this reason and many more I am firmly AGAINST Docket No. FD35952.

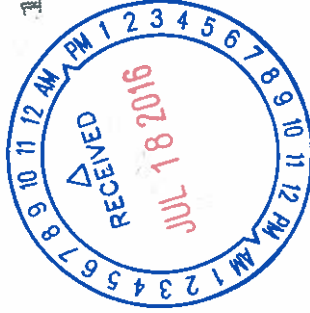

Sincerely

Kenneth McCormick

Dear Mr. Nametky,

I am firmly AGAINST Docket no. FD35952.

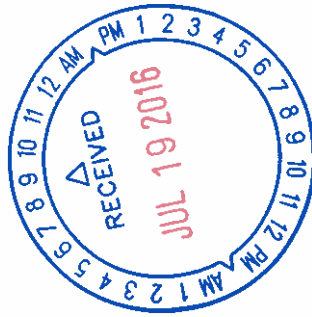

When the proposed GLB Rail line crosses Grundy County it will cause a large extra expense to our hard working farmers. Their farm fields will be divided by tracks causing farmers added expense and added time to reach fields on the "other side" of the tracks to plant and get harvested.

For this reason I am firmly AGAINST Docket no. FD35952,

Sincerely

Kenneth McCormick
