Date: Saturday, August 31, 2019 11:35:50 AM

I am writing in Opposition to the proposed railroad because I am greatly concerned about the NEGATIVE IMPACT it would have on our environment. We are already in a climate crisis. The Earth simply cannot keep taking our abuses.

Keep fossil fuels in the ground, convert to renewable energy, provide jobs for those whose livelihood is at stake.

Thank you for your consideration,
Sylvia Gray
