Dear Mr. Navecky,

I ask you **Vote AGAINST Docket No. FD35952.**

When the proposed GLB Rail line crosses Grundy County — many of the Country roads are to be closed. Those roads that remain open will be very dangerous for slow moving farm equipment to cross the many tracks safely.

I am firmly **AGAINST Docket No. FD35952.**

As a farmer I am concerned as the proposed GLB Rail line cross Gundy County my farm fields will be made into odd shapes. This will cause me to make more passes over the fields causing compaction of my prime farm land.

For this reason I ask you Vote AGAINST Docket No. FD35 952.

I am concerned when the proposed GLB rail line crosses Grundy County who will control the toxic weeds that will grow in that 200 ft easement land. These weeds will spread to the farmers fields. This will make another added expense for the farmer to try & rid these toxic plants.

I am very much AGAINST Docket No. FD35952.

I have farmer neighbors who will have their prime farm fields cut up when the proposed GLB Rail line crosses Grundy County. To work these fields the farmer must travel many miles around roads to reach their field on "the other side" of the tracks. All this are big added expense and time at vital planting and harvesting time.

I am firmly AGAINST Docket No F D35 952.

When the proposed GLB Railline crosses Grundy County - my concern is the blocked and not properly repaired field tile lines. Due to flooding around my home these present tile lines do a good job of lessening such flooding but NOT if they be installed incorrectly or blocked by the proposed rail line construction.

My concern is when the proposed GLB Rail line crosses Grundy County they plan to buy 200 ft^{strip} of our prime farm land to lay their tracks, the unused ^{land} will be a good place to harbor unwanted grass and invasive weeds. These weeds will spread to our farm land causing the farmer to use weed killer spray to rid weeds from his farm land. This spray will go into the drainage water with the rains causing contamination in this water.
