- ☒ I do not want the STB to approve the CN purchase of the EJ&E railroad.
- ☒ I do not want the CN to increase freight traffic over the EJ&E tracks through the Western Suburbs.
- ☒ I do not want taxpayers in my community to have to pay for mitigation of the expected oppressive traffic congestion and noise caused by CN expansion in this area.

We want CN's plans to decrease our standard of living for their financial benefit. Talk about GREED!
