

Mr. David Navecky

6/9/16

Hello Mr. Navecky My name is Gary s. Leitner I am 62 years old. I am a small farm owner in La Salle county Illinois. There is a proposed rail line Great Lakes Basin cutting thru several farm properties in our area. I am asking for your help in putting a stop to the proposed Chicago by pass line from Indiana thru Illinois to destination Wisconsin. Our quiet farm communities will be negatively affected by the planned rail. Property values will drop affecting residents long time investments in their homes and farms. The route proposed doesn't run near any main traffic zones, express ways, main highways where the noise, investment considerations, and possible environmental impact would be minimal. The route cuts primarily thru quiet country communities and farms. I am asking for your help in defeating this proposed rail line. It would be much appreciated by the thousands of people affected by this. We know no other way to stop this. Thank You so much for your consideration.
