Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

There Are many Communities beyond Barrington that will Be impacted. 115 total. All of these Communities have Evolved within current train traffic Patterns. There may be some Communities that may benefit - But these Are some Communities that have already adapted. Barrington CAN NOT ADAPT. There are 2 sets of tracks that can't Be moved. There Are NO alternatives to modify traffic Patterns. This is a Situation where a Foreign Company is taking advantage of a window ~~in~~ in time where the US Dollar is weak to raid our National ~~assets~~ transportation Assets and MASSIVELY Disrupt the way of life for Americans. There is No gain for America. There is One suggestion that this will reduce costs for consumers just the chance of CN negatively impact communities ~~state~~ ~~area~~. There is a way to do this. Force CN to take the tracks below ground. Then it is a win-win for All parties.

Traffic Congestion Can't get worse in BARRINGTON. It will Devastate the community and with No Alternatives for emergency vehicles People will Die.
