Message: I have been informed Jim Wilson of GLB RXR that USDOT STB is responsible for notifying me as to the Great Lakes Basin railroad project. it appears that this RXR is involving my property at 8560 N 3000 W Kankakee County Road. why have you not communicated with me. as far as environment the only purpose for this route is to bypass the Chicago area cargo with dangerous and deadly loads; yet you are only allowing a "minor" easement instead of a more secure containment area. the safe zone easement needs to be doubled
