Re: Section 5a Application No. 118 (Sub-No. 2) et al., EC-MAC Motor Carrier Service Association, Inc., et al, and related matters pertaining to continuation of antitrust immunity for collective ratemaking.

Dear Secretary Williams:

Today, the Surface Transportation Board (Board) announced that it would limit participation in the above captioned matters to those who have filed comments in response to the most recent Board Order. At a number of different junctures in this proceeding, I have submitted comments to the Board and although I have not filed new comments in response to the February 11, 2000 Order, I continue to have a strong interest in this case. The policy matters and substantive issues raised by the Board are of great consequence in the fields in which I teach and write.

By this letter, I wish to incorporate by reference my comments filed in the last two years in Section 5a Application No. 118/ EC-MAC Motor Carrier Service Association, Inc., et al matters. My comments continue to represent my opinion and belief regarding this case and I ask that they be received as a response to the Board's most recent Order.

I present this letter to the Board as my filing, following the mandate in the April 10, 2000 Decision of the Board. Based on that Decision and upon receipt of this correspondence, I look forward to continuing to receive Board determinations and notices. Further, I ask that this letter and incorporated comments be seen as sufficient to permit my continued participation in this case.

Respectfully submitted,
