REPLY COMMENT OF THE
HALOGENATED SOLVENTS INDUSTRY ALLIANCE

The Halogenated Solvents Industry Alliance, Inc. (“HSIA”) respectfully joins in and endorses the reply comments submitted today by the National Small Shipments Traffic Conference, Inc and the Health and Personal Care Distribution Conference, Inc. (the “Shipper Conferences”).

In particular, HSIA concurs with the Shipper Conferences that a moratorium or suspension of action on reclassification decisions continues to be necessary despite the decision of the NCC on May 1, 2000, to defer action in the poisonous materials docket, which was the principal impetus for HSIA’s involvement in these proceedings. HSIA also notes, regarding its request for suspension of pending classification proceedings, that it has not been served to date with any replies in opposition to that request.

Respectfully submitted,

Scott N. Stone
