Public Record

Please provide any comments on the DM&E Powder River Basin Expansion Project Draft EIS.

If DM&E must travel through South Dakota
Please seriously consider a bypass for Pierre &
Ft. Pierre.

My concerns are the same as many you've
already heard. We are property owners in
both Pierre & Ft. Pierre. We have built our
rental business with a lot of hard work over
the past 20 years. Our apartments/houses are
located on both sides of the current tracks.
We make several trips each day across these
tracks. I work in a health care clinic
less than 1/2 block from the tracks. We
are very concerned with the traffic, noise &
pollution. In addition our daughter attends
school at Stanley County Schools - also less
than 1/2 block from the tracks.

Please think this bypass through with your
heart & mind & not your pocketbook.

I am convinced that the solution to suit both
sides is to bypass Pierre & Ft. Pierre. Thank you!
