Please provide any comments on the DM&E Powder River Basin Expansion Project Draft EIS.

I am opposed to the Rochester By-pass - so I think that the DM&E should upgrade their tracks thru Rochester. With at least one over or underpass on 63 or Broadway and that would help in getting emergency vehicles thru efficiently. As to damaging the Mayo Clinic they have ~~they~~ continued to build, even recently, along the present route. The noise! Will they keep enough going downtown with construction. I have been in all Rochester hospitals and bed pans make more noise.

As I live in Stewartville I would travel over the projected by-pass to get to Rochester - Many people in Stewartville and further south would travel this route to work every day.
